## ELECTRINIC EARPLUGS

NRR  
22

The in-ear electronic hearing protection can reduce noise to protect hearing, suppress dangerous noise higher than 82 dB, and improve perception and communication skills. It can be used in high-noise environments such as shooting ranges and industries, and the earplugs are more comfortable and lighter to wear and work effectively. High endurance function, convenient to charge in the portable charging box.

- Intuitive one-button operation
- Rechargeable, high battery life
- Voice prompt
- Automatic shut off
- IPX-4 water resistance
- Two sound effect indoor / outdoor
- Portable, comfortable and compatible
- Anti-lost silicone retention cord, Data cable
- Three sizes of earpieces cover and eartips
